Sir:

STATEMENT OF THE SUBSTANCE OF APPLICANT INITIATED INTERVIEW IN  
ACCORDANCE WITH C.F.R. § 1.133(b)

Summarized below is the substance of a telephone interview between Examiner Kielin and  
the under signed attorney of record, held on February 20, 2004.

In the telephone interview, Examiner Kielin and Mr. Parker discussed the possibility of  
removing the rejection to the title so that the Applicants could focus on the art rejections. The  
Examiner takes issue with the Applicants using the term "threshold temperature" in the title rather

than the term "viscoelastic temperature of silicon dioxide" in the title. The Applicants suggest that amending the application as the Examiner asserts would be unduly burdensome. No agreement was reached with respect to the viscoelastic temperature of silicon dioxide, however, an agreement was reached with respect to the two-step process the Examiner suggested.

The Applicants request the Examiner to telephone the undersigned attorney of record at (972) 480-8800 if such would further or expedite the prosecution of the present application.

Respectfully submitted,

HITT GAINES, P.C.
